The livest against the production of the control of

browt itself between me and the contemplation of th

THE DYING MOTHER.

A lovely length of moon-it water, lightly flooks into redden heightness on the stand, While the best of the heightness on the stand, which the height she height she design as week, height The edits look alone spen she stilly lend; but solly beach there pleased core lowely hears (Oil 1 Saried things had and the stars to see)

For I have wandered till I'm worn and weary, Seeking a shelter for thy weary tend. On a sava sorus of bread, But have found none, and men, heart-spik of found; I by me flows beceaft the quiet sky

To bles thee, boy, sad die It is also a november, noy, and size.

In this sold world to thy young thoughts alone,
For oh! when I am gons
No sessing mother will of eve receive thee,
Bending over the headed fip and folded symmetry, that I must die!

dans, that a most der

But then wilt think upon the prayer I neight the
When life with us flowed emouthly as a song
Our native hill among.
And how at mon-tide I have often brought thee,
In thy young beauty to thy father's side,
Was all a mother's pride.

All was no his bright same a bid the fire, Speaking havin things to thee, Speaking havin things to the Lat a path before the seveling. For soft to there will be the velves sod, If there will true in God. And such pute tily, o'er the waters steeping,

From its pure shleater was will shed A glean's about thy bead, And the red berries in rich clusters drooping From many a bended bough in this dark wood Will be thy fragrant food.

For He, who is His glory dwells above thee; Who issuessent the wind to the above lamb, With a deep Subbath calm Xail falling beer, and in his mercy love thee, heaver by useds of aw rege.

And now, farewell! the early morn will wake the Unto a fearful sight, thy mother, child, Dead in a forest-wild;

(Ot I having had not the mare to me)

For they was extragent, maning thre' extrage
A mother with her boy bounds her hand.

Het only distinct was the him-arched leaven,
As to her schild doe bont her carroes these.
For well side knew mother extragering case.

Would find her form a stage of Density-contents.

Swith thoughts labe lightning thre's break and appoint the high mother printing challenges in the state of the prairie for collection in the series of the fact young hand.

Swith thoughts labe lightning thre's break and appoint the high mother printing the horizonta.

Swith thoughts labe lightning thre's break and appoint the side in the prairie of the mother than the same of the prairie collection in the case is a strength of the mother than the same of the same than the same of the

or the solitary tree, which stands alone in the solitary tree, which stands alone in the solitary tree, which stands alone in the present of the year, and the young grass has just covered the ground with a carpet of slegant green, and superishly if the sam is rising from behind a distant awell of the plans, and guittering apon the dew-drops, no scene can be more lorely to the eye. The day is seen grassing quietly upon the plan; the bree is seen grassing quietly upon the plan; the bree is seen grassing quietly upon the plan; the bree is seen grassing quietly with his tail drespad.
